

Project Demo Planning

Date	03 July 2026
Team ID	
Project Name	Smart Lender Loan Eligibility Prediction System
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Briefly explain the inefficiencies in traditional loan approval systems and the need for automation.	3	Srinadh
2	Solution Overview	Present the Smart Lender solution, highlighting ML-powered predictions, real-time decision-making, and scalability.	4	Srinadh
3	System Architecture	Walk through the layered architecture (Presentation, Application, Data layers) and explain components.	5	Srinadh
4	Live Feature Demonstration	Show user registration/login, loan application submission, ML prediction results, and officer dashboard.	8	Srinadh
5	Reporting & Analytics	Demonstrate risk score reports and approval rate analytics.	5	Srinadh
6	Conclusion & Q&A	Summarize benefits, invite questions, and address stakeholder queries.	5	Srinadh

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Highlight delays, inefficiencies, and risks in manual loan approvals.

2	Solution Overview	Explain how Smart Lender uses ML (XGBoost) for accurate predictions and faster approvals.
3	Live Feature Demonstration	Show end-to-end workflow: registration → loan form → prediction → dashboard → reporting.
4	Q&A Session	Address stakeholder questions, clarify technical and business aspects.
